Houten, March 2000

Subject: Reference

Blygold International is a company that is specialized in anti corrosion, renovation and maintenance of heat exchangers, air handling units and other related units.

For our projects on our offshore units in the North Sea, Blygold has done excellent work and we can recommend this company's services and concepts.

For any inquiries, please do not hesitate to contact us.

Yours sincerely,

Mr. W. Smit  
Clyde Petroleum Exploratie BV
